RIVER CITY HOSPICE

THE BENEFITS OF TIMELY HOSPICE CARE

More time. More support. More opportunity for comfort.

WHY TIMELY HOSPICE CARE MATTERS

When a patient is eligible for hospice, starting the conversation at the right time can give patients and families more time to understand their options, manage symptoms, prepare for what is ahead, and build a relationship with the hospice team.

01 SYMPTOM MANAGEMENT

Hospice can help identify changing symptoms and create a plan focused on comfort, dignity, and quality of life.

02 FAMILY PREPARATION

Families have more time to learn what to expect, understand medications and equipment, and ask questions.

03 CARE COORDINATION

The hospice team works with physicians, facilities, caregivers, and other professionals around an individualized plan.

04 CAREGIVER SUPPORT

Hospice can provide education, nursing support, social work, counseling, and resources for those providing care.

05 QUALITY OF LIFE

The focus is on the patient's goals, comfort, dignity, personal wishes, and meaningful time with loved ones.

06 TIME TO BUILD TRUST

Earlier involvement gives patients and families time to meet the hospice team, understand their choices, and become comfortable with the plan.

WHAT TIMELY HOSPICE CARE CAN GIVE FAMILIES

Beginning hospice at the appropriate time can create more opportunity for meaningful conversations, care planning, symptom management, and family support. It gives patients and families time to understand the hospice team, ask questions, establish goals, and make decisions based on what matters most to them.

MORE TIME

Time to build relationships with the care team and prepare for changes.

MORE SUPPORT

Access to education, symptom management, caregiver guidance, and emotional support.

MORE CHOICE

Opportunity to understand options and make care decisions that reflect personal goals.

THE RIGHT CONVERSATION AT THE RIGHT TIME
can create more opportunity for comfort, support, and preparation.

OUR COMMITMENT
Compassionate Care. Fast Response. Strong Communication. Family-Centered Support.
We are dedicated to ensuring patients and families receive the highest quality hospice experience through timely admissions, physician collaboration, education, and responsive care throughout our service area.
